DID YOU JUST SAY...
GOLD?!

It's not that surprising
since those goods
originally came
from the north.

I heard
that precious

the natural effect.

Nowadays you
can only see them
between the Kori
Mountain Terrace and
the Forest of Mirrors
Temple.

Prepare it for me.

Yes, my lady.

That thing is indeed a dragon without wings! And it can be used to store information, and seems to be closely connected to their own guilds.

This mechanism is often used by the dragons to interact.

The hunters were not entirely sure what how it worked, but they mentioned that this artifact was around long before themselves
